

March 10, 2020

Here at La Cuisine, we are implementing additional cleaning and hand washing protocols to protect the safety of our customers and employees.

- The Café staff will be washing their hands a minimum of every half an hour.
- Doorknobs, menus, check presenters, etc. will be cleaned regularly with an alcohol based sanitizer.
- Tables and counters will be wiped down using a sanitized towel and then sprayed with a no rinse food contact sanitizer solution.
- Café staff will use gloves when handling any prepared food items.
- The Café will be moving to a disposable paper napkin in place of cloth napkins.

We appreciate your patience as these precautions may take a few extra minutes. Your health and safety is our number one priority!

Thank you,  
Team La Cuisine
